c. Develop a comprehensive community plan for providing services for children from zero through age five. At a minimum, the plan shall do all of the following:

- (1) Describe community and area needs for children from zero through age five as identified through ongoing assessments.
  - (2) Describe the current and desired levels of community and area coordination of services for children from zero through age five, including the involvement and specific responsibilities of all related organizations and entities.
  - (3) Identify all federal, state, local, and private funding sources including funding estimates available in the early childhood Iowa area that will be used to provide services to children from zero through age five.
  - (4) Describe how funding sources will be used collaboratively and the degree to which the sources can be combined to provide necessary services to young children and their families.
  - (5) Identify the desired results and the community-wide indicators the area board expects to address through implementation of the comprehensive community plan. The plan shall identify community-specific, quantifiable performance measures to be reported in the area board's annual report and integration with the strategic plan adopted by the state board.
  - (6) Describe the current status of support services to prevent the spread of infectious diseases, prevent child injuries, develop health emergency protocols, help with medication, and care for children with special health needs that are being provided to child care facilities registered or licensed under [chapter 237A](#) within the early childhood Iowa area.
- d. Submit an annual report on the effectiveness of the community plan in addressing
