VIII. COMMUNITY COALITION UPDATES/SHARINGInformationalIX. CRAWFORD CHILD ABUSE PREVENTION COUNCILUpdates

Please take time prior to the meeting to answer these questions, we will use this during the Update to Community Plan agenda item. A copy of updated data has been provided in the attached Community Plan -Updating document to use as a reference.

Setting the Stage: Take time to answer the following questions. Based on families and children (0-5 years), youth (6-12), teenagers (13-18). Think of three items - underline the most important that you would like to share at the County Coalition Meeting. What are the community's primary strengths and resources?

What do you see as the community's most glaring gaps or weaknesses?

What are the main sources of stress for families that may interfere with the best care and nurture of their children?

Do you find that referrals can be made for a variety of services/programs to serve children/youth/families?

What is needed to better serve the community?

A Community Coalition is meant to bring agencies and community members together to be able to share information and assist in gathering information about the community. In the event an agency needs assistance for a project, to meet a grant need, they can: present to the group, and or draw upon attendees to form workgroups.
