UPDATED: Annually
DATA OBTAINED: 12/08/2022

9

Percentage of women age 15-50 with a birth in the past 12 months by educational attainment.

Educational Attainment of Mothers 2021
Less than High School Graduate
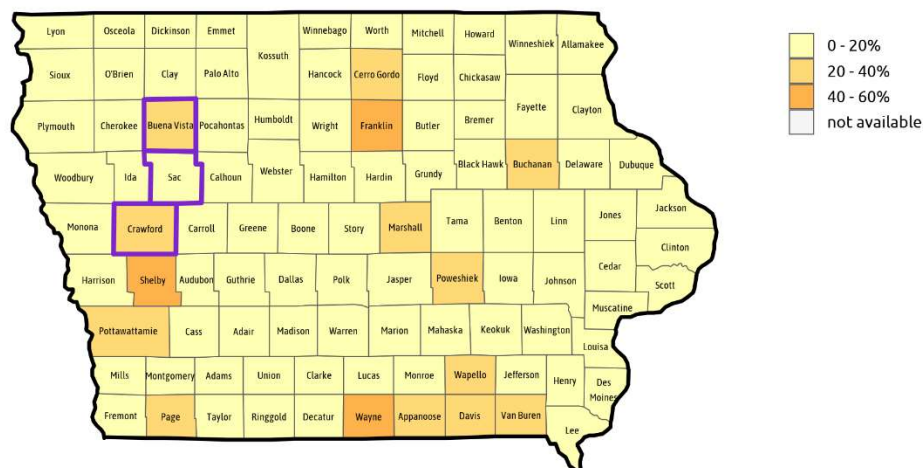

Data: United States Census Bureau, American Community Survey (ACS) 5-Year Estimates, Table B13014.
Source: IA Data Drive.
Downloaded on: March 09, 2023

Educational Attainment of Mothers 2017 - 2021
Less than High School Graduate
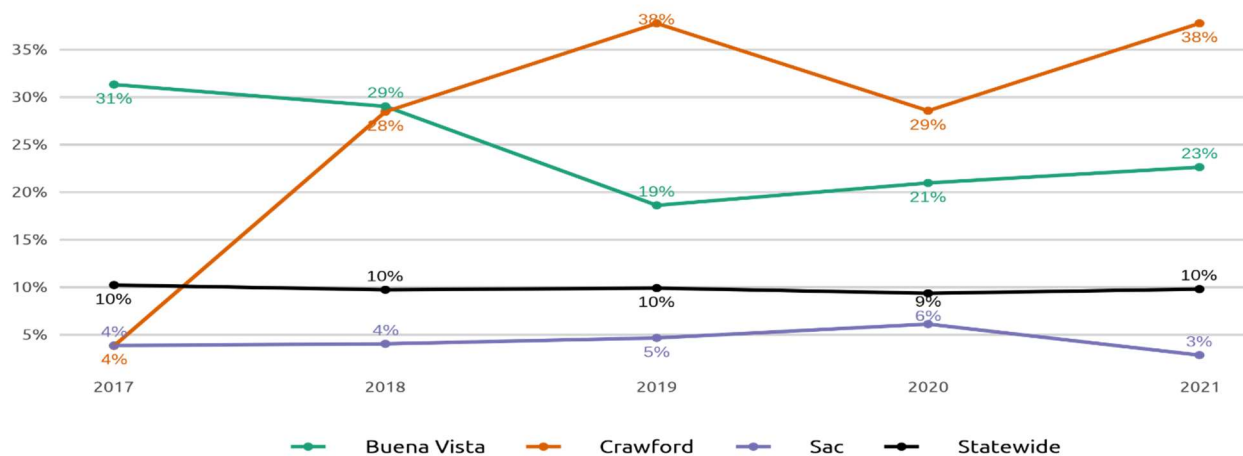

Data: United States Census Bureau, American Community Survey (ACS) 5-Year Estimates, Table B13014.
Source: IA Data Drive.
Downloaded on: March 09, 2023

DESCRIPTION: Percentage of women age 15-50 with a birth in the past 12 months by educational attainment.
NUMERATOR: Number of women age 15-50 with a birth in the past 12 months reporting the following educational attainment levels: less than high school, high school graduation, some college, bachelor's degree or higher. United States Census Bureau American Community Survey (ACS) 5-Year Estimates, Table B13014
DENOMINATOR: Total number of women age 15-50 with a birth in the past 12 months.
AVAILABLE YEARS: 2010 - 2021
UPDATED: Annually
DATA OBTAINED: 12/08/2022
NOTE: The original Early Childhood Iowa (ECI) indicator is reported as count of mothers instead of percentage. At county level total counts might be misleading and hard to compare across. Therefore, we reported the indicator as percentage of mothers with corresponding education level.

10

Percentage of kindergartners meeting the fall benchmark for the early literacy universal screening measure requirements.

Note: This indicator is based on a school district values annually reported by Early Childhood Iowa (ECI). Data for districts with less than 30 students tested is suppressed in the reports, therefore those school districts are not taken into account when computing county or statewide values. When a school district is geographically located in multiple counties, the district is asssigned to the the county in which the district office is located. Prior to 2017, the data is only reported at a scale of ECI Area (a solid black line in the map below shows boundaries of each ECI region). As a result, counties that are in the same ECI Area were assigned the value corresponding to that area.

Early Literacy Skills 2021

Data: Early Childhood Iowa (ECI), Kindergarten Assessment Tables.
Source: IA Data Drive.
Downloaded on: March 09, 2023

Early Literacy Skills 2017 - 2021
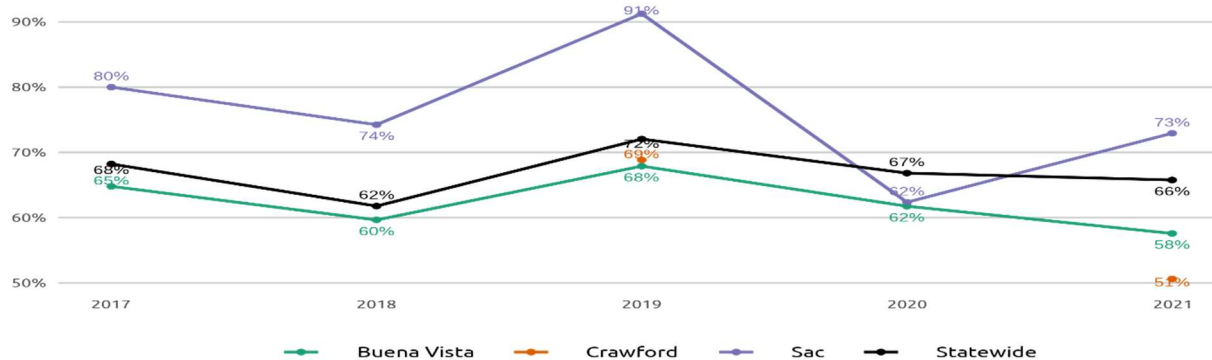

Data: Early Childhood Iowa (ECI), Kindergarten Assessment Tables.
Source: IA Data Drive.
Downloaded on: March 09, 2023

DESCRIPTION: Percentage of kindergartners meeting the fall benchmark for the early literacy universal screening measure requirements.
NUMERATOR: Number of Iowa kindergarten children who performed at or above a level indicating a high probability of success on an end-of-year general outcome measure of literacy based on Formative Assessment System for Teachers (FAST). Early Childhood Iowa (ECI) Kindergarten Assessment Tables
DENOMINATOR: Total number of Iowa kindergarten children tested using Formative Assessment System for Teachers (FAST).
AVAILABLE YEARS: 2015 - 2021
UPDATED: Annually
DATA OBTAINED: 12/19/2022

11

Percentage of children enrolled in preschool the year before going to kindergarten.

Preschool Enrollment 2017

Data: Iowa's Integrated Data System for Decision-Making (I2D2), Multiple.
Source: IA Data Drive.
Downloaded on: March 09, 2023

DESCRIPTION: Percentage of children enrolled in preschool the year before going to kindergarten.

NUMERATOR: Number of unduplicated Iowa children enrolled in preschool the year before going to kindergarten. Iowa's Integrated Data System for Decision-Making (I2D2) Multiple

DENOMINATOR: Total number of pre-kindergarten children. Iowa's Integrated Data System for Decision-Making (I2D2) Multiple

AVAILABLE YEARS: 2017 - 2017

UPDATED: Annually

DATA OBTAINED: 2/17/2022

NOTE: The estimates are based on integrated data from Iowa Department of Education (DE) Statewide Voluntary Preschool Program (PK), Teaching Strategeis (Gold), and Child Care Assistance (CCA) systems. In order to reproduce the results for other years, a renewed integration of all these systems will be required.

Percentage of children immunized by age 2.

Immunized Children 2021

Downloaded on: March 09, 2023

DESCRIPTION: Percentage of children immunized by age 2.
NUMERATOR: Number of Iowa children of 2 years old who are fully immunized according to the CDC Child and Adolescent Immunization Schedule (4:3:1:3:3:1:4 series) recorded by the Immunization Registry Information System (IRIS). Iowa Department of Health and Human Services (HHS) Iowa Public Health Tracking Portal
DENOMINATOR: Total number of 2-year-old patient records in IRIS.
AVAILABLE YEARS: 2011 - 2021
UPDATED: Annually
DATA OBTAINED: 07/20/2022

13

Percentage of babies born who weigh under 2,500grams.
Note: Currently this indicator is computed differently than one reported by Early Childhood Iowa (ECI). While the ECI indicator is based on all live births, the IA Data Drive indicator is using only live full term singleton births in determining low birth weight. Values based on counts of five or less are suppressed to protect confidentiality.

Early Childhood Iowa (ECI) Statewide Indicators

Data show the most recent statewide values for the available ECI indicators, along with the information about corresponding year and source of the data. The italics provides description of the indicator. Several indicators are normalized using population estimate from American Community Survey (ACS). If ACS data is not available for the year of the numerator than the most recent ACS year is used for computation.

Children and Families
Incidence of Child Abuse ~ State - 23
Year: 2021
Source: Iowa Department of Health and Human Services (HHS), Child Abuse Statistics
Child abuse incidence rate per 1,000 for children 5 years and under.
Buena Vista - 18
